Software Requirements

Software required to use Panorama includes the following:

- Microsoft Internet Explorer version 7 and higher

- Java Virtual Machine (You can download Sun Java VM from http://java.com/en/**)**

Configuring Internet Explorer to use with Panorama:

1. Pop-ups must be enabled for the Panorama software to run properly. It is best to always allow pop-ups for the site. To do this in IE, navigate to Tools -> Pop-up Blocker -> Pop-up Blocker Settings. Type *.state.sc.us into the Address of website to allow box and then click Add.

If you have any questions or problems, please consult our online help page:
